PRESIDENT'S DESK

I welcome you to YSPM's Yashoda Technical Campus, Satara, an Institution which inculcates true values while disseminating quality education for shaping the career of our students. All our institutes are approved by the concerned statutory bodies and fulfill all the norms and standards laid down by them. Our technical campus is located in a lush, green, pollution free, picturesque environment. Our institutes have well qualified, experienced and student caring faculty, well equipped laboratories, spacious lecture halls and tutorial rooms, well maintained rich library, e-library, Wi-Fi Campus, Computer with Internet Facility, and a play ground with sports facilities. We emphasize on overall personality development of our students. Our faculty pays attention to each students a platform to excel not only in academics but also in co-curricular and a multi disciplinary study culture. Amenities provided by our institutes include transport facility, hostel facility, reprographics facility, canteen, STD PCO, medical centre, sports centre etc.

We are committed to import value based quality education along with development of positive attitude, skills and abilities to apply knowledge in order to meet the challenges of future. I extend my best wishes for your bright and prosperous future.

Prof. Dasharath Sagare
Founder President
YSPM - YSS, Satara

EDITOR'S DESK

I am pleased to release (44 volume) of YSPM newsletter. The newsletter is a good way to let you know about happenings in Yashoda Technical Campus. We are growing and our mission to improve the quality and utility of Teaching-learning mechanism. As you are aware, the infrastructure of YTC is all set for development of new platforms. Let's celebrate the festivals, let's plan the guest lectures, industrial tours, let's climb the mountain.

Kind Regards:
Mr. Somnath N. Kumbhar

CELEBRATION OF MAHARASHTRA DIN AT YASHODA INSTITUTES, SATARA

YSPMs Yashoda Technical Campus, Satara celebrated Maharashtra Din on May 01, 2023. Maharashtra Day is a significant day for the people of Maharashtra, as it marks the formation of the state on May 1, 1960. It is a day of great pride and joy for the people of Maharashtra, who celebrate it with enthusiasm and fervor. This year the event was graced by the appearance of Mr. J. G. Jadhav who guided students and the gathering on Maharashtra Din. He was welcomed at the hands of Hon. President Dasharath Sagare.

Maharashtra Day has a rich history that dates back to the early 20th century when the idea of a separate state for Marathi-speaking people was first proposed. The Samyukta Maharashtra Movement, which began in the late 1950s, was a significant milestone in the struggle for a separate state. The movement led to the formation of Maharashtra and Gujarat as separate states on May 1, 1960. Maharashtra Day, therefore, holds great significance as it represents the culmination of a long and hard-fought struggle for a separate state.

Maharashtra Day is celebrated with great enthusiasm and fervor throughout the state. The day begins with the hoisting of the national flag, followed by parades and cultural programs. People dress up in traditional attire and participate in various cultural events, including folk dances, music performances, and street plays. The day is also marked by the distribution of sweets and the lighting of fireworks. The celebrations are a testament to the rich cultural heritage of Maharashtra and the pride that the people of the state feel for their traditions.

INDUSTRIAL VISIT TO KOTIBHASKAR MATERIAL HANDLING EQUIPMENT'S LTD, SATARA

FACULTY OF MBA

As a part of curriculum an Industrial visit has been organized to Kotibhaskar Material Handling Equipment's Ltd. dated 29 May 2023. The purpose of organization of Industrial visit to technical industry is to convey practical knowledge to the students. The Plant is located at additional M.I.D.C. Satara with state of the art facility. The Purposes of industrial visit was to study various types of manufacturing systems, due to this knowledge sharing students learned about various manufacturing systems. Various types of machineries existing in the industry were thoroughly observed by the students. To study plant location and layout, this purpose solves the doubts of students regarding location of plant. Students learned about where to locate the plant such as nearness to raw material availability, proximity to finished goods market. To study inventory management techniques, this purpose cleared the doubts of the students regarding various inventory management techniques and how the safety stock is maintained to happen the smooth Production process. To study existing quality management initiatives and Quality System. This purpose solved the doubts of students regarding exactly how to maintain Quality in every aspect of production. The various Observations made during the visit are, under the valuable guidance of Hon. Kotibhaskar students practically observed the various types of manufacturing systems. Practical analysis of various inventory control techniques in manufacturing industry was conducted. Various quality management tools were discussed with Asst. Manager Mr. Kakade. Students learned about quality concepts, inspection, cost of quality, Quality circle, Total Quality Management, ISO certification

Outcomes of the visit were are Students practically aware about various production systems such as mass production, batch production, and intermittent production. Students studied practically various inventory control techniques. Students in details became aware about roles and responsibilities of Production Manager. Industrial visit was conducted under the control of Mr. M. V. Landage and Dr. S. A. Bhosale.

INDUSTRIAL TRAINING AT ACME INFO VISION SYSTEMS

PVT. LTD. SATARA

FACULTY OF MBA

Industrial Training In order to know the working of Information Technology Industry the Industrial training was organized to Acme Info vision Systems Pvt. Ltd, Old M.I.D.C. Satara. The industry is located at I.T. Park, old M.I.D.C. Satara.

Purpose of industrial training were, to study the components of information system and different information systems. Due to this purpose students learned about various computer softwares existing in

I. T. Industry, to study ERP (Enterprise Resource Planning) modules, subsystems and their implementation. Due to this purpose students recognized how to develop ERP software, Working of Call center I.T. Industry, due to this purpose students learned about how various call center industries work in various shifts. To study development system, this purpose cleared the doubts of students regarding how to develop and implement various software languages.

Observation made during the training were, under the valuable guidance of Hon. Shashikant Raut students practically acknowledged with various software methods applied in the Industry. Students clearly obtained knowledge about ERP modules. Students were informed about software used in the I. T. industry such as Padm. Tech etc. Students were informed about various activities of call centers as a part of IT industry.

Outcomes of the training are; Students obtained practical knowledge about various software's applied in industry. Students obtained detail knowledge about functions of Information Technology Industry. Students practically obtained knowledge about concept of ERP software. Industrial visit was conducted under the control of Mr. M. V. Landage and Dr. S. A. Bhosale.

ADVANCE EXCEL: INDUSTRY READY GLOBAL CERTIFICATION COURSE

FACULTY OF MBA

Faculty of MBA recognizing the importance of Industry Ready Global certifications for Management graduated provided Microsoft Advance excel Certification training to the MBA students.

It's been last five years that the management students are doing such certificate courses. In the today's era of globalization and changing business environment, the expertise in a particular domain is highly important. In order to make the students ready for the final placements with excellent knowledge of Microsoft excel being a widely used tool for the data analysis and report preparations, this course are delivered to the students.

Advanced excel provides excellent insight into the advanced features of Microsoft Excel. Advanced Excel training is very beneficial for candidates looking to begin a career as an MIS Analyst, Data Analyst, or Business Analyst in Microsoft Excel.

It is a unique tool for students and working professionals that need to be able to use Power Pivot Tables, VBA, Power Query, MIS Reporting and audit worksheet data, or utilize data tools. Advanced Excel course adds value to your resume and can give you an edge over other candidates. The majority of people needed to learn more about advanced Excel. MS Excel skills can open doors to data analysis, business analysis, and MIS. The job market offers excellent opportunities for advanced Excel course. Data science and big data are both lucrative fields that offer attractive salaries.

COMPANY – SUYAN ENGINEERING, PUNE – POOL CAMPUS PLACEMENT DRIVE FOR B. TECH MECHANICAL (2021/2022/2023) PASSOUT STUDENTS

Training and Placement Department took initiative for inviting prestigious company Suyan Engineering - Pune for Pool Campus Placement Drive at Yashoda Technical Campus - Satara for 2021/2022/2023 Passout Degree Mechanical students dated on 20th May 2023. Suyan Engineering having

vision of developing strengths in niche skills and focus on adding value in customer success, SUYAN Group started its activities a decade back in India. Since its inception, SUYAN Group has outperformed in many areas like Engineering, Staffing, Education, Financial Services and Compliance Management solutions. With a strong focus on core values and customer success, the Group has built up an enviable reputation and a place of pride globally. Over the years, SUYAN has evolved from a single service provider company to a multi-business corporation. Today Suyan Group support Automotive, Medical Devices, Hospitality, Industrial Products, off highway, Manufacturing, Information Technology and ITEs Industries. SUYAN got a Strong base in supporting customer in each business cycle phase. Company support customer starting from Company registration, support for all statutory approvals, Recruitment, HR Policies formation and financial assistance. The Training and Placement Department invited Mr. Kishor Bangar (Director) along with his technical team from Suyan Engineering (Pune) for Pool Campus Placement Drive at Yashoda Technical Campus, Satara. During the drive 13 participants of various colleges from Degree Mechanical (2021/2022/2023) Passout Students gone through company presentation and selection process, 04 students from various colleges got selected and the same have started training from 29th May 2023 at their Company (Chinchwad) office.

Guests are very much happy with the Infrastructure Facility and overall organization of the event.

Faculty of Engineering

GUEST LECTURE

CIVIL ENGINEERING

The guest lecture on the "Indian Constitution" organized by the Department of Civil Engineering in association with ISTE Faculty and Students Chapter on 16/05/2023 at 3.00 pm for Third Year Engineering students. Advocate Aditi Bipin Kasar, Satara was available as a Guest speaker. Principal of polytechnic Dr. P. R. Badadapure felicitates to guest speaker. Brief introduction of guest speaker's was given by Prof. Shaikh A. N. (ISTE member

secretary), for this lecture Prof. Borate P. G. (Head of Civil Department), Prof. T. R. Shinde (Head of Mechanical Department) and department faculty members and students were present. The lecture provided a comprehensive analysis of the Indian Constitution, its history, and its impact on society. The speaker covered fundamental principles such as fundamental rights, directive principles of state policy, and the federal system of government.

Dr. M. Nithya (Professor, Department of Civil Engineering) Participated and completed two days STTP on Sustainable Environment Management along with Artificial Intelligence organized by Department of Civil Engineering IET, SAGE university Indore, in online mode.

INDUSTRIAL VISIT

CIVIL ENGINEERING

Department of Civil Engineering organized a Industrial visit to Water Treatment and Sewage Treatment Plant at Malkapur, Karad Satara for Second Year B.Tech. Civil Students on Saturday 27/05/2023.

Water Treatment Plant Visit-Students of S.Y.B.Tech class, after visit to water treatment plant understood the water treatment process which is based on unit operation & unit process. This renowned plant established in 2012 for Malkapur city having population 40,000 of 14MLD. The scheme receives seven lakh liters of raw water per hour as raw water from Koyana river having 03 centrifugal pumps of 500 HP of 03 numbers. Scheme has aeration unit – alum dosing unit- sedimentation unit (Clarifier) – filtration – disinfection unit- GSR – distribution system.

Sewerage Treatment Plant-It has capacity 5 MLD to treat municipal waste water established in 2012-13. It works on unit operation & unit process. The scheme has following units. Bar screen- Still basin chamber- pumps –macerators for grit removal – manual & automatic separators of foreign bodies – aerobic digester – sedimentation (Clarifier) – chlorination- Sludge drying unit. Students came to know after treatment of municipal waste being tested to its acceptable parameters. Sludge is given to nearby farmers as Fertilizer for Rs 3/- per 1000 kg. and water after treatment supply to nearby farms free of cost.

Faculty of Engineering

EXPERT LECTURE ELECTRICAL ENGINEERING

Yashoda Technical Campus has organized one day workshop on “Opportunities in VLSI” on 13th May 2023. This one day workshop was conducted by Department of Electrical Engineering for their students. The workshop started with the introductory remarks by Dr. N.M Jamadar (HOD-EE). The objective of the workshop was to enhance knowledge among the students related to circuit designing and scope in industries. Mr. Prathamesh Mane from (Lead Design Engineer Slibs Tech) delivered expert talk on Importance of VLSI in industry, application of VLSI in our daily life and programming based on VLSI which help to reduces the size of circuits also reduces effective cost of the devices. The workshop concluded with the design and assembly of working project. With the effort of Mr. Prathamesh Mane proved to be of great success.

FACULTY ACHIEVEMENT ELECTRICAL ENGINEERING

Dr. N. M. Jamadar (HOD-EE) has successfully completed Webinar on Hydrogen Cell System with certificate of completion this webinar offered by ISIENDIA in as a part of its industry oriented skill based education program. Mrs. Suhani Jamadar (Asst.Prof EE-dept) has successfully completed Webinar on Hydrogen Cell System with certificate of completion this webinar offered by ISIENDIA in as

as apart of its industry oriented skill based education program.

Research and Publication

Dr. N.M Jamadar (HOD) got patent in design of “Portable Meat Chopping machine” and awarded with Certificate by Intellectual Property India Patent Design Trade mark Geographical Indications Govt. of India.

COMPUTER SCIENCE & ENGINEERING

Placement:

1. Abhishek Korde B. Tech. final year student got placed in Go-Tatva (Hyderabad) with salary of 3LPA.

Faculty and student achievement:

2. Paper published "Fake news detection in social media based on sentiment analysis using classifier techniques" in Multimedia Tools and Applications, Springer Nature 2023, Dr. S V Balshetwar.

3. Paper accepted "A secure authentication protocol for healthcare service in IOT and Q-net based secret key generation" ESCI journal Web intelligence, Dr. S. V. Balshetwar,

4. Indian Design Patent is Granted: "Waste Management System" Huzefa Ajamuddin Momin (Final B. Tech.), Prof. Himgouri Omkar Tapase.

5. Paper published "A Review on AI based restaurant management system" in NCETE-2023, BVCOE, Abhishek Korde, Aditi Loni, Vaibhavi Deshpande, dhanashri Rajput, Rutuja Chavan, Dr. S V Balshetwar.

6. Paper published "Review on sorting techniques visualizer" in NCETE-2023, BVCOE, Dr. S V Balshetwar, M H Shaikh, A M Palande, A. A. Kumbhar, R A Mane.

7. "A Review paper on social distance detection using deep learning" is published in "International Journal of progressive research in science and engineering" (IJPRSE) ISSN online 2582-7898, vol 2 by Prof. K P Jagtap, Mangesh Deshmukh (Final B. Tech.), Raj Shinde (Final B. Tech.), Abhishek kale (Final B. Tech.), Kedar shikare (Final B. Tech.). UGC Approved Journal.

8. Research Paper entitled "Quizzles: Test Your Skills and Become a Master" is Published in International Journal of Applied Engineering Research (IJAER) Volume 18 No.2 (UGC Approved Journal - 2017 (Journal No. - 64529) Prof. Himgouri Omkar Tapase, Miss. Neha Bobade (TY CSE), Mr. Shrijeet Desai (TY CSE), Miss. Shruti Kesarkar (TY CSE).

9. Two business proposals sent by Mr. Kshiteej Bhoite (Final B.Tech.) to DBATU.

10. Student on Internship: Mr. Ayush Soni (Final B.Tech.) and Miss Kajal Katkar (Final B. Tech.)
